

# RING CUTTERS

IT RUNS RINGS  
ROUND OTHER WAYS OF CUTTING ...

# The Original String Ring Cutter ...

Already well established as the way to repetitive cutting efficiency, the String Ring Cutter has been further improved to increase its cutting life.

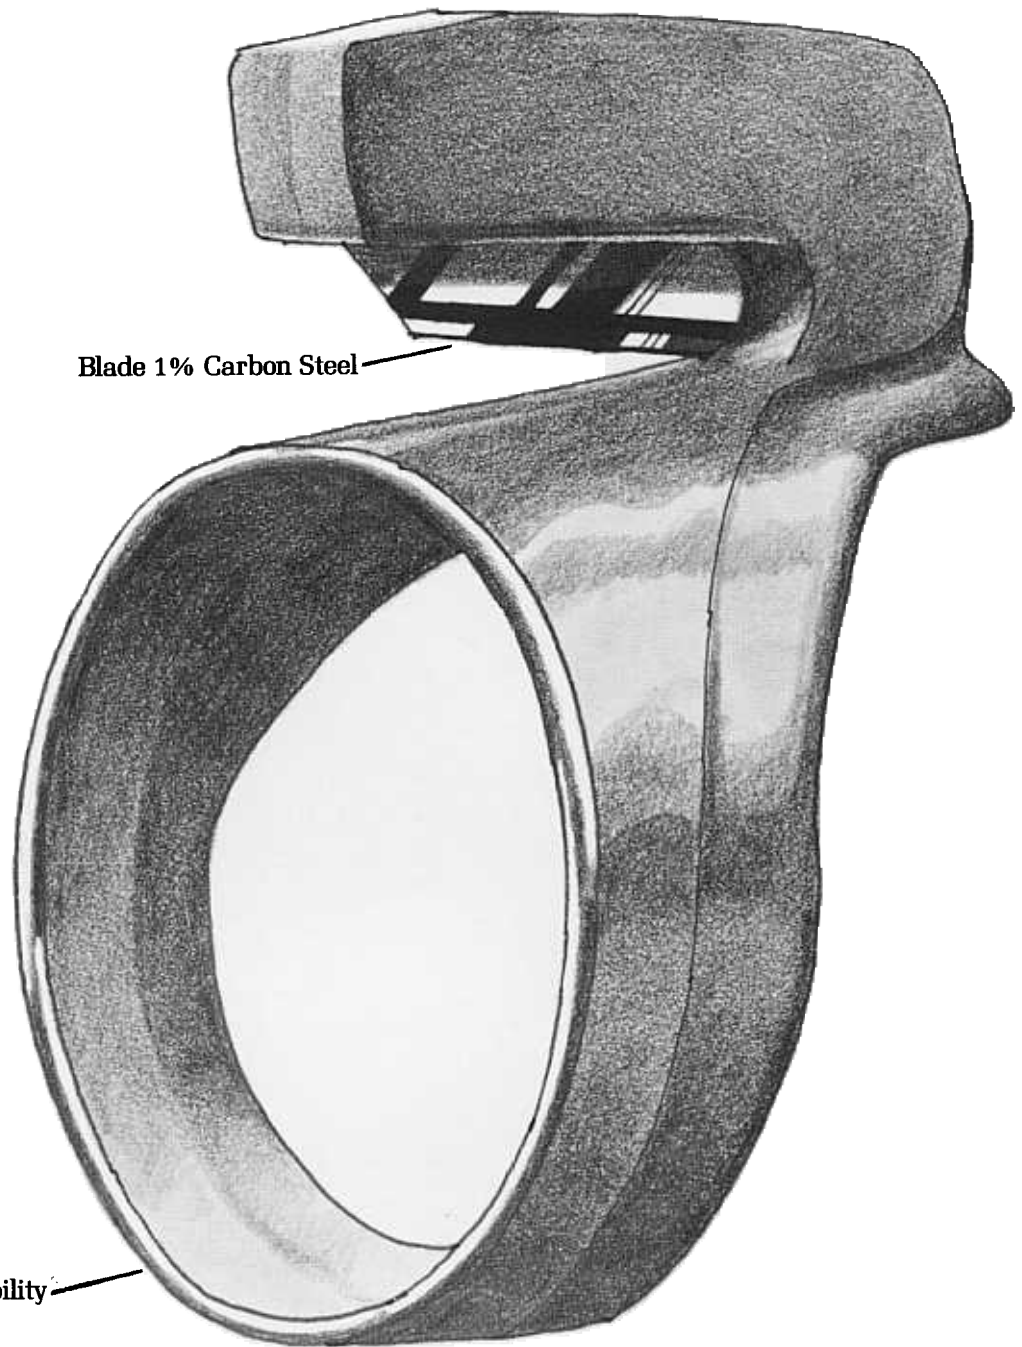

It can be carried all the time, thus saving the user valuable production time, and despite its sharpness is perfectly safe when correctly used. There are no blades to change.

The String Ring Cutter can be used for cutting: string, elastic, raffia, tape, nylon, cotton, thread, wool, copper wire, etc. Its uses are endless.

Our String Ring Cutters are regularly used in the food supply industry, laundries, textile mills, packaging and printing, shoe manufacture, carpet works, market gardens and even in the home.

Now available in red, green or yellow.

Prices on application.
